<p>U11C The boys played a great game today and barring the one lapse in concentration, where we unfortunately conceded a goal, they played superbly. Great defence from Xander and Bradley kept many attacks at bay and turned defence into attack for us, quickly. Ben kept goal with increased confidence and his huge kicks helped on many occasions. Adi, Tom and Oliver worked tirelessly in midfield to assist with attacks but also get back and defend. Charlie, up front, scored the two goals that were created by the rest of the team. Well done, everyone!</p> <p>U11C1 The boys had a tough time playing against a team that was a step above them (Hampden had not brought their D team) but they never gave up. Miles kept goal very well in the first half and then looked like he could take on the entire team when he played out on pitch in the second half. Theo, Gabriel and Freddie worked hard in defence to clear the continuous volley of attacks from the opposition; and Aman and Ethan kept trying to put pressure on the opposition goal, getting a few good chances. Great effort boys; well done!</p>
