

MATCH REPORT

Date of Match	Sport and Opponents Netball vs St Georges	Team U9B
Result WON 6-5		Coached by Mrs Robertson
<p>The girls were very excited about the match against St Georges and were looking forward to trying to beat them after they beat us quite heavily last term. We started the game very strong and took advantage of St George's weak defending and managed to score a few goals. After the third quarter the opposition got more into the game and St Piran's got a bit sloppy with their passing. However they played much better than St George's overall with some good passing up the court and great interceptions in defence. The girls should be really proud with how they have played against a tough side. The whole team worked extremely hard until the final whistle, trying to win the ball back quickly and get it back into the shooting circle. A brilliant team effort!</p> <p>Coaches Player of the Match: Olivia Carter</p>
