

MATCH REPORT

Date of Match 03.02.17	Sport and Opponents Netball vs St George's	Team U8A
Result Won 10-3		Coached by Mrs Cartwright
<p>After a week of no fixtures, the U8As and I were looking forward to getting back on the court to apply all that we had been working on during games lessons. Our previous fixture against St George's at the start of the season gave us lots to work on and we were expecting another close game. St Piran's came flying out at the start shocking the opposition coaches and me with how much they have taken on board and improved. Within the first few minutes we were winning by 3 goals and looked very strong. The combination of Olivia Xiou, Freya, Jess and Hannah in attack was unstoppable and goal after goal was scored. The movement up the court was quick and they were using space well. When the ball did get to our defence, Tommy, Willow and Isabella did a great job at intercepting it and getting it back to the attack. At half time we had a comfortable lead, meaning we could make some changes to give other girls a chance to play in different positions. Mia came on as GK and slotted straight into the team, making some good interceptions. This was a real team effort and the girls should feel very pleased with the result as they all contributed to it.</p> <p>Players' girl of the game: Hannah Hocking Coach's girl of the game: Jess Isbell</p>
