| <p>A good performance and despite a few missed tackles there were lots of positives. This week we were more physically competitive and ran the ball with more commitment and were quicker to react and support the ball carrier at the breakdown, managing to recycle the ball.</p> <p>In defence, our shape was better and we were able to squeeze up as a line quicker, putting St. George's under pressure. Most of the time when we had the ball our decision making improved and from this we managed to score from some steady phases of play.</p> <p>Mr. Dale</p> | | |
