

MATCH REPORT

Date of Match 7 December 2016	Sport and Opponents Rugby v Papplewick	Team U11C
Result Lost 2 tries - 8 tries		Coached by Mr Grice / Mr L.Smith
<p>The match began slowly for St Piran's, and before the end of the first quarter they were 0-5 down in tries. After some words of encouragement the boys got their tackling shoes on and made an excellent effort to limit the final score to 2-8. In the remaining 3 quarters, St Piran's scored two tries and the opposition managed three. The boys tackled tenaciously, and if they'd started in that manner I think they'd have come out on top. Rucking was good and some strong runs were made by Oscar Warman, Jim Turrell and Tom Sharpe. Louis Voss scored both tries from broken play, but credit must go to EVERY single boy who played, for putting into practice the skills they have been taught week after week. I hope that next time they will start and finish strongly and come out on top. Mr Lewis Smith refereed the match and enabled the game to flow smoothly, and also instructed both teams on the new laws.
