<p>This was a positive game for the mixed B and C team, showing a high standard of hockey. All girls involved contributed to some excellent defence as well as some exciting runs towards the goal. The first half against Eagle House U11C's saw lots of scoring opportunities, but sadly we couldn't connect with the ball to get it to goal. The possession was all St Piran's however and it demonstrated a good level of stick skills as well as confidence. The score at the end of this half was 0-0.</p> <p>The second half against Eagle House U11B's saw a little more competition from Eagle House and the pressure was on from the first minute to clear the ball away, which was done so with precision and ease. Again we had many opportunities to score and managed to sneak 3 goals past the Eagle House Goal Keeper, making the score 3-0 at full time.</p> <p>It was a pleasure to see the progress the teams have made over this past term. Well done.</p>
