

MATCH REPORT

Date of Match: 9.3.18	Sport and Opponents: Rugby v St. Andrews and Daneshill	Team: U8A
Result: Daneshill won 5-3 St. Andrews won 2-1		Coached by: Mr. Dale
<p>Both games were really fast-paced touch rugby.</p> <p>Against Daneshill, in attack, there were lots of positives. Our lines of running were good, gaining ground and this was backed up by good support for the runners. In the end we were comfortable winners. We were more organised in our defensive shape than Daneshill and this was the key. With good pressure we made them commit a few unforced errors allowing us to turn over the ball.</p> <p>The second game against St. Andrew's was a very even contest with both teams showing good defence and again in attack we ran hard, playing some nice flowing rugby. At times we passed the ball out wide, trying to keep the ball alive before being touched and in the end we held out for the win on the last play of the game.</p> <p>Throughout this term, the progress the boys have made is now really starting to show in the last few matches of the season.</p> <p>Well done!</p> <p>Mr. Dale</p>
