<p>The girls played Holme Grange and the Oratory in 2 matches, because there was more time available than first thought. St. Piran's played Holme Grange first and took a while to warm up and were unable to score any goals. Our U9Cs, gradually became more comfortable with their roles on the pitch and began to work more effectively, as a team. St. Piran's showed good skills and improved their movement and passing, achieving a convincing win against the Oratory. The attacking players were able to break through the defence and were elated to score so many goals. Our scoring players were: Olivia Cooper, Romilly Bains, Milly Busk and Juno Browning.</p> <p>Although victorious, the girls realised there was still work to be done on looking up before making a pass and to move quickly into space. A pleasing set of results. Well done, girls.</p>
