

MATCH REPORT

Date of Match 21/09/17	Sport and Opponents Hockey vs Holme Grange	Team U11B U11C
Result U11B Draw 2-2 U11C Won 2-1		Coached by Mrs Cartwright/ Miss Galloso/ Mrs Togwell

The U11B's played incredibly well yesterday against a very skilful Holme Grange A team. The game started at a high pace and continued throughout with each team having lots of opportunities to score and making some goal saving tackles up the pitch. Holme Grange demonstrated excellent stick skills which initially intimidated St Piran's, however, they kept their heads and played simple hockey. Their use of the width of the pitch was mentioned by the oppositions coach and played a huge role in our speed of attack. All of the girls made a really positive contribution to the game and should feel very pleased with their performance and teamwork.

The U11C's continued the positive form in the second game of the afternoon. Their confidence on the ball was lovely to see and many of the girls demonstrated a good awareness of space and stick skills. We scored early on in the first half and managed to make many excellent tackles to prevent Holme Grange getting near the goal. Holme Grange did make a good comeback, and snuck a goal after some excellent movement down the pitch, just before half time. The second half started much the same and we managed to get another goal in quickly to confirm the win. Holme Grange however, kept the pressure on into the last few minutes with our defence working tirelessly to clear the ball, managing to keep them at bay until the final whistle. Again, all girls contributed positively and supported each other wonderfully throughout. A lovely afternoon of hockey!
