<p>The U10 A started the second half of the term with two hugely impressive performances on Wednesday. They played some superb rugby in both games and recorded two easy victories. It was the quality of their passing and the ability to retain possession that was particularly pleasing and the boys have certainly learned what an important aspect of the game this is. They can look forward to next week's tournament at St George's with real anticipation.</p> <p>DT</p>
