<p>The boys went into the match knowing if they won they would have been unbeaten all season, and have a great chance of winning the team of the season, however Papplewick arrived with 6 players to our 11. We asked our boys who would volunteer to play for our guests, and they all put their hands up. When the game begun, our batting is normally our strongest part, but for some reason just couldn't connect with the ball. Our bowling has improved and Dylan Easton especially stood out, with some great bowling. Over all on the day the better team won. Good season on the whole, shame about the last game as we just didn't really play like we can. SB</p>
