

MATCH REPORT

Date of Match 30/11/2016	Sport and Opponents Netball vs Bishopsgate	Team U8
Result Lost 6-0		Coached by Mrs Cartwright
<p>This was a challenging first match for the U8s, knowing that Bishopsgate had been playing netball since September. Bishopsgate started strongly as expected and St Piran's struggled to get the ball from them to stop them moving up the court. After the first quarter we were 3-0 down but enjoying the opportunity to practice. The second quarter saw a much more confident St Piran's side and we started to use the space and string some nice passes together to move the ball up into our shooting third. We defended well and prevented Bishopsgate from scoring more than 2 goals. Going into the third quarter, our aim was to keep the goals scored against us to only 1, and we did. The girls' improvement in such a short time was staggering and the final quarter ended with no goals scored. I was impressed with the way the girls developed their skills and were willing to try new positions. A promising start to the netball season.</p> <p>Girl of the Game: Isabella Fuggle</p>
