

ST PIRAN'S

Inspiring Confidence

July 2016

Dear Year 5 and 6 Parents

EQUIPMENT NEEDED FOR PUPILS **STARTING IN YEAR 5 or 6**

MATHS EQUIPMENT

Please make sure that your child comes back to school in September with a full set of Mathematical equipment:

- ◆ At least two 2H pencils kept solely for mathematical drawing.
- ◆ A protractor: 180° or 360°
- ◆ Small, clear plastic 15 cm/6 inch ruler
- ◆ The usual pencil sharpeners etc.

It would be useful to have highlighter pens, a pair of scissors and a glue stick, although these are not essential.

SCHOOL PLANNERS

We use a personal school planner for every child from Years 3-6 to supplement their learning and encourage communication between home and school. The children will use these throughout the academic year and we know they will prove a useful organisational tool. The cost of your child's planner, around £12.50, will be added to your school bill.

Yours sincerely

Mr Jonathan Carroll
HEADMASTER
