Girls' Local Sports Club Information

September 2017

Dear Parents,

We would like to encourage as many pupils as possible into local sports clubs. By being involved in a club it can support your child to develop key skills, make friends and reinforce values such as teamwork and fairness. We do have a large number of pupils already involved in local clubs and the extra coaching has shown to be an immense benefit to the girls' development. We are also hoping that these extra sessions will help the teams in our fixture schedule.

Below is information on local hockey and netball clubs.
